## **FREE WaterSaver Saturday – Save Money and Earn Coupons!**

**SAN ANTONIO, TEXAS** – Everyone knows saving water means saving money on your water bill. What if you could earn a little extra for your waterwise ways? San Antonio Water System (SAWS) and William R. Sinkin Eco Centro are hosting WaterSaver Saturday on March 30, 2019. The SAWS WaterSaver Rewards Program allows participants in SAWS-approved conservation event or programs to earn WaterSaver Rewards points. These points are redeemable for coupons to use toward water-saving materials like plants, mulch, compost and rain barrels. SAWS customers can earn the maximum WaterSaver Rewards Program points for this calendar year at WaterSaver Saturday.

### **WaterSaver Saturday**

Saturday, March 30, 2019 | 9:00 a.m. to 1:00 p.m.

San Antonio College | 1819 N. Main Avenue | San Antonio, TX 78212

WaterSaver Saturday is a **FREE** half day of mini-workshops on gardening, permaculture, low impact design, landscaping, flood mitigation, native plants, pollinator gardens, rainwater harvesting and more! There will be free plants, gardening tools and other goodies at each one-hour workshop. Breakfast and snacks will be served. An ask-the-experts forum and gardening and sustainability showcase will follow the workshops. **Participants will earn up to \$150 in coupons and rewards** and leave with plants, seeds and gardening ideas.

Participants can choose one of three series when they register:

**Series 1:** Sustainable Landscape Design, Composting

**Series 2:** Rain Water Harvesting, Gardening with Native Plants

**Series 3:** Permaculture, Home Efficiency – Slash Your Utility Bill

Eco Centro offers several of the WaterSaver Rewards Program workshops throughout the year – but WaterSaver Saturday is an opportunity to get all your points for the year in one day. Additional WaterSaver Saturdays are expected to be scheduled in 2019.

### **About Eco Centro**

William R. Sinkin Eco Centro is a community outreach center dedicated to cultivating the understanding, progress, and practice of sustainability. Through education, outreach, service and research, Eco Centro advocates for the adoption of practical, sustainable practices for individuals, businesses, and the community. Follow [Eco Centro on Facebook](#) for upcoming workshops and events – free and open to the public.
